Dear Robin

We care for children throughout Scotland who have a life-shortening condition and we're here for the whole family. Whether that's in their own home, in hospital, or visiting us at Rachel or Robin House, we'll give them the care and support they need, when they need it.

Thanks to the kind donation of £375.24 raised at a recent concert held by the Melbourne Grammar School Symphony Orchestra we can make a huge difference to these families. Your support will help to make every moment matter for the children who use our services, as well as creating special memories for their parents and siblings.

CHAS Activities Co-ordinator, Eilidh, recently helped a child who has a life-shortening condition to have an amazing experience during her first stay at one of our hospices, and said,

“A young girl arrived for her very first respite break with her family. Her eyes lit up when she spotted the hydrotherapy pool and I asked if she would like to use the pool during her stay. The girl advised, with great disappointment, that she wouldn't be able to as she has a central line (a tube inserted in her arm used to administer medicine and fluids).

“However, I knew what it would mean to the girl to get in and experience the warm water and relaxing environment of the pool, so immediately spoke with doctors, the care team and my colleagues, and started to conduct a risk assessment. The next day, she was able to use a swimming pool for the very first time in her life, something so many of us take for granted. The girl spent 20 minutes splashing, floating and generally having a whale of a time. For those 20 minutes she felt just like any other child.”

This precious moment wouldn't have been possible if it wasn't for people like you. Thank you once again for your support and for helping us to keep the joy alive.

With best wishes
