8 January 2014

Dear Robin,

Collection Southwark Cathedral – British Heart Foundation

I am writing to let you know that the recent collection at the Tim Sharp Messiah Concert at Southwark Cathedral concert on the 2nd January 2014 raised in total £1,407 for the British Heart Foundation – a truly fantastic result.

Please pass our grateful thanks on to all those involved and thank them for their support in helping us beat the fight against heart disease – the UK's single biggest killer.

Yours Sincerely

Paul
