A handwritten signature in black ink that reads "Dr Robin".

**£215.51 donation from Ki Concerts Frost Chorale Performance 13 May 2014**

Wow! What a fantastic concert that was! We were all so bowled over by the amazing sound of the Chorale and their wonderful choice of programme – especially the “Loch Lomond” which brought the house down!

Thank you so much for enabling us to hold a retiring collection and we raised £215.51 towards music-making activities for people with disabilities.

This is a fantastic amount which we will put towards the support of our musicSPACE programme delivering year-round group and individual music sessions in our fully equipped and accessible recording studio.

Thank you again for giving us this opportunity to raise funds and awareness and we wish the Chorale the best of success in the rest of the tour as well as their further studies and career.

A handwritten signature in black ink that reads "Susan".
